Prime Pro Standard Warranty

The instrument is guaranteed against any defect in material or workmanship for one year. This period is effective from the date of purchase; within this period all defective parts will be replaced free of charge provided that the defect is not the result of fire, accident, misuse, neglect, incorrect adjustment or repair, damage caused by installation, adaptation, modification, fitting of non-approved parts or repair by unauthorized personnel. Servicing under this guarantee should be obtained from the supplier of the instrument.

Prime Pro Extended Warranty

Prime Pro 48 warranty is available as a 2 year extension, or 4 year extension to the original 1 year warranty. This results in a 3 year or 5 year warranty in total. Extended warranty must be purchased at point of instrument sale and cannot be extended further. Extended warranty begins from date of order. Extended warranty provides the same protection and peace of mind as the standard warranty described above. Any instrument requiring maintenance must be shipped to the Bibby Scientific Service Centre at the above address. Any necessary parts, labour, calibration and return shipping is paid for by Bibby Scientific. **Customers in China and India please contact your local Bibby Scientific specialist to discuss availability in your region.**
